

TECHNICAL FEATURES:

Properties	Report
1. Construction	No Burrs on both surfaces.
2. Dimensions Mechanical Strength	Maximum internal usable area
3. Mechanical Properties	
(a) Distortion Test	With stood against evenly distributed load
(b) Impact Test	No sign of disintegration of surface.
(c) Rigidity	Excellent.
(d) Linear Deflection Test	Not detached by applied load.
4. Resistance to Flame Propagation	Not ignite.
5. Electrical Characteristics	
(a) Insulation Resistance	Found more than 100 Meg.ohm
(b) Electrical Insulations Strength	No break down even at 2500 V.
